

Are you made of Kinder Stuff?

Kinder Living is run by a small team of volunteers, and due to the success of the Kinder Living Home Show 2019 we need some extra help!

Our mission is to encourage as many people as possible to make their homes, gardens and lives more sustainable. We run our own home show, have stands at other events, and run a website and social media. Our focus is on showing people the small changes that can make a difference and providing information. At the same time we promote the local businesses who offer sustainable products and services, and do our best to support other local environmental groups.

We love fun and want people to feel positive about being able to make a difference. (We're partial to cake, pizza & red wine too, but that's another conversation!)

What we need:

- 1) **Some extra team members** who are happy to come to a planning meeting (usually once a month) and take an active part in organising events - no experience needed, just willingness.
- 2) **Some extra 'pop up' volunteers** - happy to come and help out occasionally, on stands etc.
