

ABCD

Climate Action Pledge

If elected, I will press my Council to:

A AIM HIGHER

B BUILD PARTNERSHIPS

C COMMUNICATE

D DIVEST FROM FOSSIL FUELS

Council:

Candidate's name:

#ABCDpledge

**SOUTH EAST
CLIMATE
ALLIANCE**

About the ABCD pledge

**SOUTH EAST
CLIMATE
ALLIANCE**

- A** **AIM HIGHER** – set an emissions target **for the whole council area of at least a 68% reduction on 1990 levels by 2030**. This matches the UK Government’s national commitment in the run up to COP26 in Glasgow.
- B** **BUILD PARTNERSHIPS FOR ACTION** – e.g. through Climate Assemblies, advisory boards, and climate forums and lead work with communities, voluntary groups, businesses & public sector partners to achieve joint area-wide targets.
- C** **COMMUNICATE ON CLIMATE ACTION** – publish action plans and emissions targets clearly and produce regular updates on progress. Produce clear and engaging information so that residents can take action themselves.
- D** **DIVEST FROM FOSSIL FUELS** - support a motion that the council should divest its pension funds from fossil fuels, and move them to safer, sustainable investments.

SECA is an alliance of over 100 community groups across the South East uniting for urgent action on climate change

What next? Take a photo of yourself with the signed pledge card and send it to SECA at: southeastclimatealliance@gmail.com
And share it on social media using the hashtag: **#ABCDpledge**
